MORE Than 50 Years

Golden Jubilee

Eltouny is proudly the oldest factory specialized in the production of elevators components since 1964. It was founded back then by Abdullah Eltouny. Eltouny started as a manufacturing facility for elevators' semi automatic doors, and today Eltouny is capable of offering complete elevators solutions. For more than 50 years, Eltouny has offered thousands of solutions for vertical mobility, becoming a worldwide leader in manufacturing of customized products.

Eltouny Elevators Company

Eltouny Elevators Company is a leading company in design, manufacture, and supply of complete elevators and its components parts in Egypt and the Middle East. Eltouny is a private sector group of companies that started operation since 1964. Our products are supplied to most of companies in the Egyptian market and also exported worldwide.

With our long-term experience and development of technology, strict quality control, and know-how of more than fifty years, we have shaped the industry and defined best practice as a mobility manufacturer. Eltouny Elevators Company not only has succeeded in putting customer safety first, but also offering our passengers a great sense of pleasure.

Proficiency has always been the driving principle of placing the customers at the center of our mission. We gladly are the company that has the best quality elevators in Egypt and The Middle East area over years. We are the first company in the Middle East to acquire the international CE Mark, the international quality system assurance certificate ISO 9001 and the international standards for occupational health and safety assessment specifications certificate OHSAS 18001. Our company uses the latest technology in every manufacturing process to ensure the highest quality level, which goes beyond the international standards.

Manufacturing Facilities

Due to The production facilities of 7000-sq. meters, factory with the most qualified manpower, warehouse and machinery equipments including CNC machines, and digital bending system, we are one of the leading manufacturers of elevators with a network of three branches within Cairo and Alexandria.

International Certificates

CE Marking

European Conformity

Eltouny Complete Elevators, The lifting systems with machine room, machine roomless, and Nano lift have acquired the CE mark certification. Eltouny complete lifts are manufactured according to the European standards with all the essential requirements to meet high safety, health, and environmental protection specification for our clients. Our Elevators comply with all the legal requirements for CE marking and can be sold throughout the European Economic Area (EEA) and the European Union (EU) without restrictions.

ISO 9001

Quality Management System

Eltouny Elevators Company acquired the certification of ISO 9001 , the international standard that specifies requirements for a quality management system (QMS) inside the company. We demonstrate the ability to consistently provide products and services that meet customer and regulatory requirements.

EOS

License Of Quality From The Ministry Of Industry and Foreign Trade

Eltouny Elevators Company acquired the license of Quality Mark on our complete elevators components, doors, car frames, and handles from the Egyptian organization for standardization and quality from the Ministry of Industryand Foreign Trade.

OHSAS 18001

Occupational Health and Safety Assessment Series 18001

Eltouny Elevators Company acquired the certification of ISO 18001. It is the international standard, which provides a framework to identify, control and decrease the risks associated with health and safety within our manufacturing facilities. Our employee's health and safety are one of the top priorities within our organization.

Licensing Agreements

CEITA Italy

Licensing Agreement with CEITA Italy for Semi-Automatic Doors

Eltouny Semi-Automatic doors are manufactured according Ceita Italy specifications and approved within the Egyptian Standardization of Quality products. Ceita is based in Italy since 1958 and is very well known for its high quality doors. We have been following their milestones of elevators' doors manufacturing standards and specification since 1992.

A Lift For Every Journey

We Offer A Comprehensive Range Of Lift Solutions.

Traveling Journey With Eltouny Elevators

According to the nature of elevator- it moves, therefore being inside the elevator might be the most complex experience in life, and we totally understand that. With the long term engagement in the industry, cooperation with the most successful and advanced multinational organization, alignments of new thoughts and ideas of different generations, united teams, and continues RnD, we come up with the solution. Safety first, quality first, pleasure first, are the guidelines for Eltouny Elevators production processes. Our aim at Eltouny Elevators Company is not only to create the safest elevators only but creating the most luxurious traveling pleasure.

Pleasure First

Quality First

Safety First

WE ARE ELTOUNY

Our commitment

What we believe and promise to deliver

Committed to people

Committed to future

we commit to raising the quality of life for people.

Our purpose

Our reason for being: the difference we make for customers and society.

We have an unwavering drive to make and do things that lead to a better world.

A planet that is safer and cleaner.

A society that is both sustainable and dynamic.

A life as comfortable as it is exciting.

Our values

Our shared beliefs: a guide to action and thorough implementation of our purpose.

Do the right thing

we act with integrity, honesty, and openness, doing what's right, not what's easy.

Look for a better way

we continually strive to find new and better ways embracing change as a mean's of progress.

Always consider the impact

We think about how what we do will change the life of people we serve for better, both today and for generations to come.

The Future We Believe In

We see its possibilities, and work everyday to deliver answers that will bring on a brilliant new day.

By combining the power of invention with our expertise and desire for a better world, we imagine things that have never been and make them a reality.

That is our potential. Working together, we inspire a belief in each other and our customers that no challenge is too great, and there is no promise we can't fulfill.

Our Company Policy

Quality & Reliability

Our company stands out due to the implementation of total quality at every operational and business level certified by ISO9001, EOS, CE marked. With cutting-edge technology and engineers of a high scientific level, eltouny has followed for more than 50 years the most suitable path to developing new products and introducing specialized solutions.

Design

Part of Eltouny's differentiation strategy is the emphasis on design in order to maximize clients satisfaction and meet every need or aesthetic demand.

Flexibility

Flexibility is achieved through the adjustment of the corporate mechanism to the international needs.

When Experts Talk

Eltouny Elevators Company is a production facility for elevators' components that is based in Egypt , guaranteeing state-of-the art technology by committed partnerships from all over the world. The company has had a leading role in the design and manufacturing of elevators and its components parts since 1964.

We Do What's Right, Not What's Easy

"Our willpower is far stronger than any surrounding circumstances, and we will keep pushing ourselves forward until the end."

Magdy Eltouny
Co Founder and Chief Executive Officer

"In times of economic crisis we don't shut doors, we invested in doors with highest technology, and we keep our premises in Egypt."

Mostafa Eltouny
Co Founder and Chief Operating Officer

WE'RE ALL ELTOUNY

Organizational Chart

We strongly believe passion for employees is the ground basis of the strength of a company, where the organisation lays the foundations of its own positive energy.

Since 1964

Our Production

The company puts together every single phase of the industrial process in order to ensure 100% tailor-made products. All tools are equipped with computer systems which make every step of production perfectly connected with the schedule and the direction agreed with customers. Eltouny is a well-timed clock.

We ensure that each delivery is perfectly met in time while keeping quality to an optimum level.
